

# The Colour of My Skin Series

## 1. Travelling the World

This workshop brings British colonial history alive and helps to explain immigration patterns in a simple yet relevant way. It uses interactive storytelling, simple role play, artifacts, hands-on activities and singing to convey an important message. By the end, pupils should be better equipped to understand, empathise with and relate to people of other cultures and races in this country.

*Suitable for EYFS, KS1&2, Duration: 25–40mins.*

## 2. Windrush Pioneers & Britishness

The second workshop in the series examines the impact of Caribbean immigration on British identity. It explores the Windrush experience, British values and what it means to be British today, through a provocative interactive visual presentation, personal accounts of immigration and creative expression. Pupils are given the opportunity to understand Britishness from the view point of ethnic minorities and appreciate the values that have impacted the world at large.

*Suitable for EYFS, KS1&2, Duration: 40min – 1hr.*

## 3. Life in the Sun

This workshop focuses on life in a former British colony - Jamaica. It includes comparisons between Jamaica & Britain in history, school life and culture and Britain's impact on life today. Through visual presentation & media, singing, language arts and interactive games, pupils will have a greater appreciation of life in the Caribbean for children. The overarching theme in this workshop is treating others who may be different with respect.

*Suitable for EYFS, KS1&2, Duration: 1hr.*

## Cluster Plan

### What is the Cluster Plan?

The Cluster Plan is a strategy designed to encourage schools within the same area to jointly promote and improve cultural awareness in the lives of their pupils and wider school communities. It enables schools to work together towards common goals in a sustainable and more cost effective way.

### How does it work?

- At least four schools on board to operate
- Delivered over three school years
- Schools join collectively, but details for the day are planned individually
- Up to five sessions delivered in a day
- Smaller (up to 45 pupils) neighbouring schools can combine to do a half-day session
- Follow-up ideas provided to schools after each workshop session to extend learning and prepare for the next workshop
- On call support and advice available between workshop sessions
- Family learning sessions available to schools individually as an option to engage the school community on a broader front

### Prices

Our workshop rates are as follows:

#### **Standard rates**

£395 – whole day

£215 – half-day

#### **Cluster Plan rates**

£355 – whole day

£190 – half-day

£225 – half-day (two small neighbouring schools)

£100 – Family learning

Schools can individually continue at Cluster Plan rates after the three part series if they desire continued input. This is subject to any changes in our pricing policy.
